Advice from the experts

At DriveAway, we're more than just a vehicle hire company – we are a travel company. That's the DriveAway difference!

What else do you need to know?

Pre-paid

One of the great features of booking with DriveAway is paying in local currency, Australian Dollars(AUD).

International Driving Permit (IDP)

An IDP is proof that you hold a valid driver's licence in your home country at the date of issue of the IDP. We encourage all travellers to carry an IDP with your domestic driver's licence at all times. Some countries and suppliers advise this is mandatory.

Security Bond

It is essential when collecting a car that you also present a valid credit card in the main driver's name. The car rental company will hold a security

bond in the unlikely case of a collision or theft. Pre-paid cash or travellers cards are not accepted in any cases and debit cards are on a request basis.

Fuel Policy

The most common policy is a 'full to full' arrangement where you collect and return the car with a full tank of fuel. Alternatively the other option is pre-paid fuel where you pre-pay for a tank of fuel and return the car as empty as possible, as there is no refund for unused fuel.
