Benefits

We are New Zealand’s top specialists in worldwide motorhome rentals. We’ll help you choose the ideal motorhome from the best suppliers at the best price.

Which option for your self-drive adventure is a car or a motorhome? Each choice has pros and cons, and we’ve researched to make your decision easier.

	Car	Motorhome
Creature Comforts	With a car, comfort depends on the model, and space is quite limited. Long journeys can be a bit cramped, especially if you’re traveling with others.	A motorhome, on the other hand, offers a spacious living area with dedicated sleeping quarters, a bathroom, and a comfortable dining space. It’s like bringing your home with you on the road, making those long drives much more pleasant.
Food & Cooking	In a car, you’re mostly relying on restaurants or fast food for meals or making do with a portable cooler. Cooking options are minimal, which can get inconvenient.	Motorhomes come with fully equipped kitchens, including a stove, fridge, and sink. You can cook up your favourite meals on the go, save money on dining out, and enjoy the flexibility of eating whenever and wherever you like.
Freedom & Flexibility	A car gives you the freedom to explore, but you’re often tied to finding hotels or motels, and meals are dependent on what’s nearby. Your journey might involve more planning and frequent stops.	With a motorhome, the world is your oyster! You can park up at a motorhome park or campsite, stay in beautiful locations, and have all the amenities you need right there. This means more spontaneous stops and less worry about finding accommodation or restaurants.
Meeting People	Socializing in a car is limited to interactions at hotels, restaurants, or attractions. It can be more challenging to connect with fellow travellers.	Motorhome parks and campsites are fantastic for meeting other travellers. You’ll find a friendly community of like-minded adventurers, which can add an extra layer of fun and camaraderie to your trip.
Travelling with Kids	Traveling with kids in a car can be a bit of a squeeze. Space is tight, and frequent stops can be tiring. Plus, you need to pack extra gear and manage all the logistics of accommodation.	A motorhome is a game changer for families. It offers plenty of space for kids to stretch out, play, and sleep comfortably. With built-in facilities, you have everything you need to make the journey smooth and enjoyable for everyone.

DriveAway Motorhome Advice

A motorhome journey is all about enjoyment. Take your time, embrace the freedom, and allow yourself ample opportunity to explore. This is why many rentals have a minimum booking of five days or more!

Did you know that anyone over 21 can rent a motorhome without a young driver surcharge? Plus, nobody wants to double back on a road trip. One-way rentals are a fantastic option for self-drive travellers—just be sure to check the fees when you book.

Experience the journey with New Zealand’s leading motorhome self-drive specialists. Whether you’re cruising down Route 66 in the USA, tackling the Rockies in Canada, free camping in New Zealand, uncovering Australia’s hidden beaches, or soaking in

the European countryside, we’ll help bring your road trip dreams to life.

Advice from the experts

At DriveAway, we offer more than just vehicle hire—we provide a complete travel experience. That's the DriveAway difference!

Here's what you need to know:

Pre-paid

One of the benefits of booking with DriveAway is the ability to pay in local currency, New Zealand Dollars (NZD).

International Driving Permit (IDP)

An IDP proves that you hold a valid driver's licence from your home country when the IDP is issued. We recommend carrying an IDP along with your domestic driver's licence, as it may be required or strongly advised in some countries and by some suppliers.

Security Bond

When picking up a car, you must present a valid credit

card in the main driver's name. The rental company will hold a security bond in case of collision or theft. Pre-paid cash or travel cards are not accepted, and debit cards are accepted only upon request.

Fuel Policy

The most common fuel policy is 'full to full,' where you collect and return the car with a full tank. Alternatively, you can opt for pre-paid fuel, pay for a full tank upfront, and return the car as empty as possible. Note that there is no refund for unused fuel.

What else?

At DriveAway, we're proud of our competitive prices; however, if you happen to find a better price elsewhere, we will beat it! The alternative price should:

- Be fully pre-paid with the same supplier inclusions.
- Be available at the time of requesting and available to any member of the general public.
- Include all fees such as airport and location fees. Some suppliers may charge these locally, resulting in a higher price. Our prices are generally inclusive of these.
- Be paid for within 48 hours to secure the price beat. Find all the price beat details on driveaway.co.nz/price-beat.

Worldwide

What comes to mind when you think of a self-drive holiday? Fun, flexibility, freedom, and the ability to travel at your own pace.

Renting a car for your domestic or international holiday allows you to escape the usual tourist routes, visit the sights you're interested in, and stop where you prefer. It also enables you to create unique experiences and memories on your journey.

With over 35 years of experience helping adventurous travellers explore the world, DriveAway is dedicated to making your self-drive experience as seamless and enjoyable as possible.

As new and exciting destinations become more accessible from New Zealand, you might find places that weren't previously on your bucket list gaining popularity. One thing remains constant: renting a car is the best way to explore more of the world.
